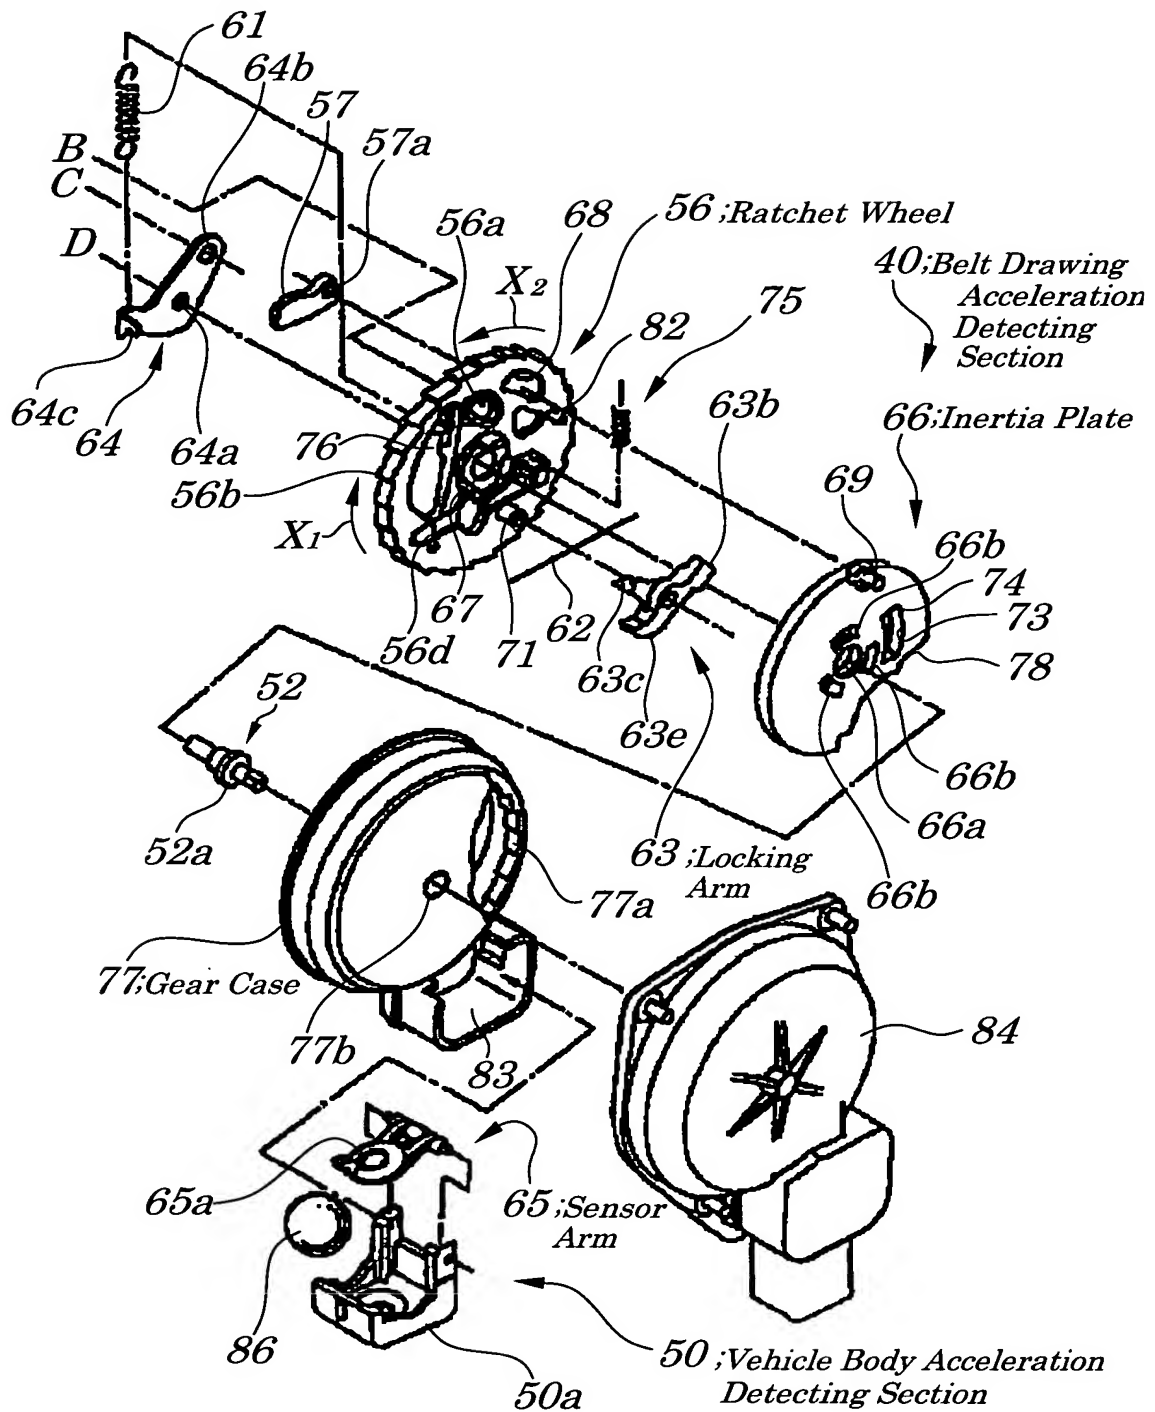

**FIG. 6**

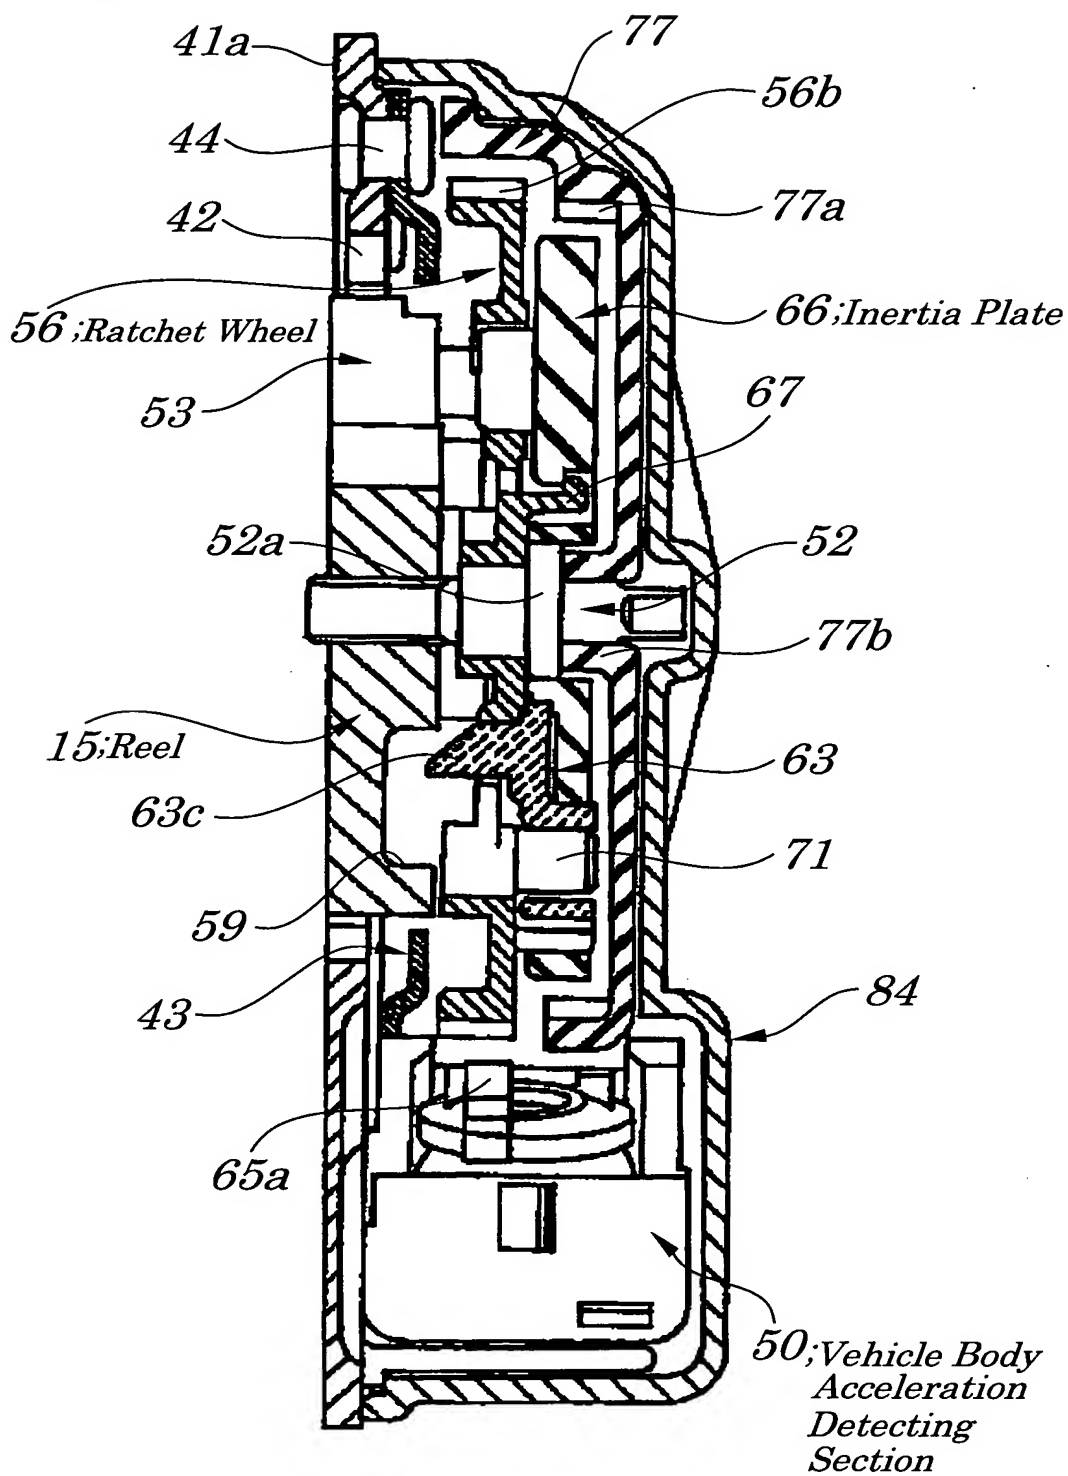

This exploded perspective view shows the assembly of a mechanical device. The components are labeled as follows:

- 12; Motor**: A small cylindrical motor at the top left.
- 47**: A shaft or pin extending from the motor.
- 85**: A gear or pulley mounted on the shaft.
- 41**: A large, complex housing or frame with internal features like **41a** and **41b**.
- 42**: A central component, possibly a rotor or a core, with a circular face.
- 43**: A circular flange or cover plate.
- 44**: Two screws or bolts used to secure the flange.
- 45**: A rectangular component, possibly a bracket or a support.
- 48**: A cylindrical component with a flange, labeled **48a** and **48b**.
- 49**: A circular component, possibly a disc or a plate.
- 51**: A long, thin rectangular component, possibly a guide or a support.
- 53; Pawl**: A complex mechanical part with multiple teeth or fingers, labeled **53a**, **53b**, **53c**, **53d**, and **53e**.
- 54**: A component labeled **54** and **55**, possibly a spring or a pin.
- 58**: A small component, possibly a pin or a screw.
- 59**: A small component, possibly a pin or a screw.
- 15; Reel**: A cylindrical component at the top right, labeled **15** and **18a**.
- 18b**: A component labeled **18b**, possibly a pin or a screw.
- B**, **C**, **D**: Labels indicating different positions or states of the pawl mechanism.
- Y1**: A label indicating a specific point or feature on the pawl mechanism.
